

Part Time Educator

Job Description

The Greenburgh Nature Center is a 33-acre nature preserve in the heart of lower Westchester in Scarsdale, New York. The Nature Center is seeking a qualified part time educator to work in our education department. The ideal candidate will be reliable, have a strong work ethic, work well in a team, and have a willingness to learn on the go. A degree in Environmental Science or related field and previous teaching experience and/or working with kids is a plus.

Responsibilities:

- Serve as an educator in our nature education programs
- Interact with and educate the public about wildlife and conservation in our live animal museum
- Help care for our live animal collection including cleaning enclosures, changing bedding, providing fresh food and water and enrichment training activities etc.
- Help to oversee High School volunteers in the animal museum.
- Ground maintenance including identifying and removing invasive species, filling bird feeders, litter sweeps and assistance with our garden and greenhouse etc.
- Lead and assist in seasonal and summer camp programs.
- Represent the Nature Center at various community and tabling events such as farmers markets and town events
- Support the education team in additional initiatives when necessary

Schedule and Compensation:

- **Hours per week:** 29 hours per week, flexible hours ranging from Tuesday-Sunday 9am-5pm
- **Salary:** \$15/hr
